**INTRODUCTION**

Fairs, Exhibitions & Shows are marketing events with a certain duration which are held at intervals, that is, places at which numerous companies represent their ranges of products of one or more industrial sectors with the aim of offering information and sales improvement.

Participation in a fair is the shortest way of establishing the first contact with prospective partners and unavoidably a meeting place of profession, product promotion, experience exchange and potential concluding agreements.

Fairs, Exhibitions & Shows are places of getting acquainted with existing trends, places where one can simultaneously see, compare, assess and at the same moment obtain feedback information about the product or service and can directly analyze the company position in relation to its competition.

Significance of fairs is increasingly growing on a daily basis. Therefore, many companies use exactly fairs, especially specialized fairs" as their basic and most important advertising element.

Foreign Trade Chamber of Bosnia and Herzegovina, in collaboration with the Association of Fair Organizers in B&H, drafts every year "Calendar of Fairs and Exhibitions in Bosnia and Herzegovina", including a detailed chronological overview of most important business events in the country, offering all relevant contacts in one place as an important precondition for direct participation as exhibitor or only a visit to a particular promotional activity.

In this manner, the Chamber provided its contribution to promotion of Bosnian-herzegovinian economy, strengthens and upgrades cooperation in the field of promotion and coordination of economic activities on domestic, as well as international market.
